Sir

Subject - Digging of a well in Azad Nagar Cooly colony of Davangere City

---

I write to state that the work of digging a well in Azadnagar Cooly Colony was entrusted to a contractor by name Sri Halappa on piece work system with-out calling for tenders as per Municipal Council resolution, dated, 21st February, 51 The work was carried out without sanctioning the estimate The I st bill for Rs 2,690/- was paid as on 21-9-1951 Later on, an estimate was submitted by the Municipal Engineer for the digging of the well up to VII fathoms, for Rs 4,990/- This was sanctioned by the Municipal Council in their Resolution No 6-6, dated 1-10-1951 The I st stage of work i e , up to VII fathoms was got completed and the final bill was paid on 25-10-52 by accepting the completion certificate furnished by the Municipal Engineer During the construction of the I st stage of the well the overseer in charge of the work Sri D Siddappa reported on 2-4-1952 along with another estimate for Rs 4,990/- that the well was inspected by the Council and he was further instructed to excavate the well by another two fathoms and depth to secure sufficient water supply and also to construct the steining for the sides of the well and complete the parapet wall for drawing water This estimate was also sanctioned by the Municipal Council in resolution No 8-2, dated 12-6-1952 When one estimate is already sanctioned for a work which is under execution, the preparation of a separate estimate was not necessary for the same work

revised estimate could have been prepared and got sanctioned by Government, since the cost of the work amounted to over Rs 5,000/- This course was not adopted; even this IInd stage of the work was entrusted on piece work basis without calling for tenders Now the Municipal Engineer has submitted the Ist bill of the IInd stage of the work for Rs 3,430/-

A sum of Rs 2,700/- has been advanced from the Municipality to this contractor for this work, In addition to this, He has to pay a sum of Rs 574/- being the advance taken on other works He has to pay to the Municipality a total sum of Rs 3,274/- This amount has to be recovered in this Ist bill of Rs 3,430/-

All these irregularities have been brought to the notice of the Municipal Council by placing them before, them at their meeting held on 29-1-1954 with my detailed note. The Municipal Council have resolved after perusing the record and the Commissioner's note thereon, as follows -

"The Council has noted the irregularities and record a note of dissent on the procedure adopted But would submit the record with the Commissioner's note thereon to the Covernment for suitable orders "

I therefore, submit the entire file of record with a copy of the resolution and the Commissioner's note thereon for kind perusal of the Government and suitable orders in this behalf
